ABOUT US

Ankor was founded in 1997 as a trading company selling post-press equipment and consumables on the territory of Ukraine.

In 2005, the Ankor company began work on creating its own double loop wire on spools. This decision was based on the company's many years of experience in printing, as well as knowledge the most talented industry professionals. A very important moment was the opportunity for our specialists to visit and practice at factories of major global brands in India, Poland, China and Portugal. More than 25 highly qualified specialists work at the 2,500-square-meter Ankor production facility.

Production capacity allows us to produce 3,000 spools per month. Since 2018, we have been using wire of our own production in the production of double metal wire on spools, which helps us to obtain high-quality products. The main mission of our company produce high quality products and work closely with our customers to satisfy them their needs.

Providing 85% of the needs of the Ukrainian market, our company exports products to European countries. Our permanent partners are companies in Moldova, Poland, Croatia, Slovenia, Estonia and the Czech Republic.

The Ankor company is open to new opportunities and expansion in European countries on transparent and mutually beneficial terms.

TWIN LOOP WIRE BINDING

TWIN LOOP WIRE BINDING SPOOL 3:1

Φ	Loop diameter	Maximum stack thickness in mm	Number of loops on the spool
1/4"	6,4	4,5	94 000
5/16"	8	6,4	66 000
3/8"	9,5	7,9	46 000
7/16"	11	9,5	34 000
1/2"	12,7	11	26 000
9/16"	14,3	12,7	21 000

TWIN LOOP WIRE BINDING SPOOL 2:1

Φ	Loop diameter	Maximum stack thickness in mm	Number of loops on the spool
5/8"	16	14,3	12 000
3/4"	19	17,4	8 000
7/8"	22,2	20,5	5 500
1"	25,4	23,8	4 300
